Verso manufactures to basis weight, not to specific bulk standards. Noted \*7 pt. and \*\*9 pt. minimum calipers are guaranteed for postal applications. If you require additional caliper information, please contact your Verso representative or go to [versoco.com](http://versoco.com). For projects where caliper is critical, please contact your Verso representative for more information on a specific project. \*Non-standard making item. Requires minimum accumulation and trim.

For additional information, contact your Verso representative.

Verso Corporation is a leading North American producer of printing papers, specialty papers and pulp. Our printing papers are used primarily in commercial printing, media and marketing applications, including magazines, catalogs, books, direct mail, corporate collateral and retail inserts. Our specialty papers are used primarily in label and converting, flexible packaging and technical paper applications. Headquartered in Memphis, Tennessee, with a business center in Miamisburg, Ohio, Verso operates eight mills strategically located in Kentucky, Maine, Maryland, Michigan, Minnesota and Wisconsin, with a total annual production capacity of approximately 3.6 million tons of paper.
